

July 10, 2013

**SECOND REQUEST FOR STATEMENTS OF
QUALIFICATIONS FOR ADVISORY SERVICES**

To Interested Firms:

On October 5, 2009, the Puerto Rico Public-Private Partnerships Authority (the "Authority") requested Statements of Qualifications from firms interested in providing advisory services to the Authority, through its Request for Qualifications No. 2009-001 ("RFQ 2009-001"). The purpose of RFQ No. 2009-001 was to create the Authority's List of Qualified Advisors (the "List") to facilitate the identification and potential engagement of suitably qualified individuals and/or firms interested in providing Advisory Services to the Authority and/or any Participating Government Entity in connection with the establishment of a public-private partnership. As a result of that initiative, the Authority created the List which is currently comprised of 242 candidates or qualified firms identified by areas of specialization. (The names of the qualified firms currently on the List are hereby attached as Schedule 1.)

The Authority wishes to revise the List by (i) updating the information provided by the candidates currently on the List, and (ii) inviting additional firms and/or individuals to submit proposals. In order to accomplish this objective, the Authority hereby issues its Second Request for Statements of Qualifications ("RFQ" or "RFQ 2013-001"). Firms already on the List are required to inform of any material changes to the information contained in their original submissions.¹ Other firms not included in the List are encouraged to respond. Firms of any size are invited.

Sincerely,

/s/ Grace M. Santana Balado
Grace M. Santana Balado
Executive Director
Puerto Rico Public-Private Partnerships Authority

¹ New contact information should be informed, when applicable.
